

definitions

culture

Shared meaning, shared experiences, behaviors, and shared context. Culture will be shaped through practicing our core values.

diversity

The variety of cultural experiences, backgrounds, and dynamic expressions of an individual.

actively
welcoming

Creating space and capacity to encourage difference. It is a shift in personal attitude and behaviors from passive acceptance to active welcoming, an inclusive culture supported through each person's contribution.

equity

Equity is the guarantee of impartial treatment, access, and opportunity for all, while identifying and eliminating barriers for full participation.

multi-cultural
community

A workplace where all members feel inspired to give their best each day, committed to their organizations mission and values, with an enhanced sense of their own well-being.
