

One morning. One community. Real impact.

Dawn of Hope

Sponsorship opportunities

Washburn Center for Children fundraising breakfast

The Club at Golden Valley

Wednesday, October 7, 2026 - 7:30 to 9:00 a.m.

Each autumn, leaders, partners and supporters gather at Dawn of Hope to discover how children's mental health is a foundation for the future. It is a morning of promise rooted in the innovative mission of Washburn Center for Children.

This year's event rises among an intense mental health crisis that has gripped children and families. The fear, disruption and trauma of this past year landed on kids who were already at their limit. Dawn of Hope unites a community call to respond.

Your impact

When children receive trauma-informed, child-centered care, healing begins. Stability returns. Futures change.

That is the significance of your sponsorship.

At the breakfast, you'll hear directly from the families and clinicians living this mission. You will see what your support makes possible for children who came carrying heavy life experiences and emerge with skills, tools and ready to live into their full potential.

Your sponsorship supports:

- Children getting care where they are in schools, homes and community
- Families who accessed care in the midst of financial uncertainty, more than \$240,000 in support last year
- Clinicians doing extraordinary work, especially those navigating cultural and systemic barriers alongside the children they serve
- A community response equal to the moment because this level of need cannot be met by public funding alone

Sponsorship with Washburn Center for Children delivers transformative mental health care to children and families in the greater Twin Cities. We offer a diverse continuum of care and treat children from ages 0-18. There are no barriers for those who receive our care.
